Who gives you advice on how to use your device – download an app, do something etc?

	Boy	Girl
Parent	9	14
Big brother or sister	8	4
Friend	3	5
Self-taught	16	9

Do you know how to report something?		
	Boy	Girl
Yes	22	22
No	5	4

Have you ever reported something?		
	Boy	Girl
Several times	14	7
Once	6	7
never	6	9

Do you have online conversations with people you have never met?

	Boy	Girl
Yes	22	17
No	5	9

How do you have these online conversations with people you have never met?

	Boy	Girl
Do you exchange texts?	7	13
Do you share photos?	0	0
Do you share videos?	4	0

What games etc are you using to communicate with others?		
	Boy	Girl
Roblox	19	19
Minecraft	8	1
TikTok	7	15
Fortnite	16	5
UDJ	0	1
Discord	9	5
Youtube	13	7
Reddit	3	0

Questions You Wanted Answered

Is online safety one of the most important things to learn in life?

Think About The Real World

Would you say it to someone's face?

What would you do if you were scared in the playground?

What would you do if you could see your friend was worried/upset?

Riding a Bike

Would your parents let you ride a bike on the road if they did not know

If you could ride it?

If you knew the rules of the road?

If you knew how to use the brakes?

Mobiles

What should you do if an unknown number calls?

Don't answer it. Listen to the voicemail. Or they may text instead. Then if you know them decide whether to reply.

Is it ok to text someone you do not know? [2]

Possibly- but follow all the rules – see the poster.

Gaming

Which apps/games are suitable for us and which are not?

Why are people playing games that are meant for adults or teenagers?
eg Fortnite, TikTok

Is Roblox dangerous?

Ask friends, look at info on packaging, check with parents.

Because their friends do.
Fun to do something you should not be doing.
With parental permission.
Parents may play with you.

The people you play with could present a danger.
The Roblox company monitor games added.

Scamming

This subject prompted much debate.

30 children said they had been scammed.

Cassie said this can happen in two ways –

1. You are tricked into making bad trade deals (not money)
2. You are tricked into giving away personal details (older people can lose real money through giving away bank details in this way).

Those who had been scammed had been scammed the first way.

Scamming

How can you prevent it from happening?

Don't be rushed into making a bad deal.

How do you know?

If you do, report it.

How can you sort it?

Never give away personal details to anybody.

Bad Behaviour

Why are some people mean on social media?

You gave these reasons:

Anger

Taking bad feelings out on somebody else

May not realise they are being hurtful.

Think they are being funny.

“Some people think it is fun to be mean to others.” Olesya.

Bad Behaviour

What would happen if someone was bullying you online but you don't tell an adult?

It will get worse!

They could carry on and do it to others.

So,

Tell them to stop, tell an adult, unfriend them, report them, block them.

Bad Behaviour

What should you do if someone gets your details?

Tell an adult!

HOW TO PREVENT SOMEONE GETTING YOUR DETAILS

Don't give your full name.

Never share details (address, school etc)

Never ever agree to meet someone.

Bad Behaviour

What if all the right things do not stop the bad behaviour?

TELL AN ADULT

Bad Behaviour

HOW DO YOU REPORT IT?

Press Report Button

And/or

Take a screenshot and send to police
