NSA NEWS

WELL DONE TEAM NORTH 24TH JULY 2021

It was a great experience, cycling through beautiful countryside. The weather was kinder than forecast. We never got lost (ok, only once!) Two of our team completed 75 miles, two did 50 miles and the rest did 25 (and Miss Moroz cycled to and from her home adding another 10 miles to her total.) Last words from Ness, who cycled for 6 hours and 40 minutes, in her garage, with a broken arm — “My knees know about it today, but the sense of achievement makes it totally worth it!” Amazing. Join the team in 2022.

A huge thank you to the riders, the cheerleaders and to all of you who sponsored TEAM NORTH.
