### North's Got Talent 2023

"I have seen many talent shows in school but I have never seen it done as well as that before," The words of Miss Batchelor. The finals were held on May 26<sup>th</sup>. A fitting way to end the half term. The event is organised and run by the Year 6 school councillors. They audition and judge the semi-finalists and have the tricky job of whittling them down to the 8 finalists. They then have to organise the music, the filming, the slide show and the staging. A huge "well done" is in order to Maisie, Harley, Luke and Hope. Luke had the high pressure job of being the MC for the afternoon. He was amazing, conducting the proceedings with great composure and control – no easy feat with 400 raucous children cheering on their friends.

Allison sang beautifully; Smrithi played her keyboard with great confidence; Sana and Mathilda performed a very dramatic and complicated sword dance; The Terrific Two – on piano and flute were very moving; Oliver gave a virtuoso performance on the piano; the Sensational Six sang their own version of a hit song changing the words to tell the story of their years at North; and a NGT first, Isabella showed off her amazing unicycle skills.

The judges had a tough job but they loved it. Governor Beth Dagge and Firstsite Director, Sally Shaw MBE, were blown away. Beth said, "It was such a privilege to judge North's Got Talent. All the children were so brave to put themselves out there on the stage in front of the whole school. It was great to see the range of talents on show and I couldn't help my feet from tapping along!" Sally said, "North's got tonnes of talent! Bravo to everyone who took to the stage - what a stellar school! I was completely inspired by everyone who took part - they are professional, creative and brilliant! See you all on Top of the Pops soon."

They did make a decision – very popular in the hall. And the winner was... Benecia. Benecia sang "Fire" by Adele. Wow! What a performance. Hopefully you will get to see and hear her sing at the summer fete. Congratulations to all involved.
